

# **TECHNI-TOOL**<sup>®</sup> **MORE Than Just Products!**

**Since 1959**, Techni-Tool has been a leader in electronic production and assembly supply. Over the course of those 50 years the tools and technologies have changed, but our employee's dedication to excellence has not. Our government department is dedicated to the needs of Federal, state, municipal and local government.

**We have coast-to-coast sales support providing local representation across the country, and also serve customers in more than 100 countries around the world. Our approach is simple:**

- Only sell the highest quality products, and always deliver them on-time
- Keep our talented professionals trained on the latest technologies
- Make it as easy as possible for customers to reach us through phone, web, email, fax and mail

**No one offers more electronic production products from more leading manufacturers.** We're constantly expanding and improving our selection of 40,000 products to meet our customer's changing needs, including those listed on our four GSA Federal Supply Schedules. In addition, we've also developed our own value line of over 3,500 Techni-Tool brand products that help stretch budget dollars without compromising performance.

**But its our own people, not just our products, that makes Techni-Tool the best.** Our sales team helps customers solve real-world problems every day, and are ready to apply their experience to your toughest issues. Our customer service representatives are factory-trained by our manufacturers to give them the knowledge they need to answer your questions correctly.

**Our government team are experts in federal acquisition regulations and have won multiple awards from the Department of Defense for performance. We can:**

- Provide access to over 600 manufacturers with just one call
- Arrange on-site shows to provide hands-on equipment demonstrations and training
- Offer package tracking through the Defense Logistics Agency's Vendor Shipment Module
- Invoice through Wide Ware Work Flow, the DoD's paperless invoicing and receiving system
- Package and label to MIL and FED standards
- Help you meet your small-business set-aside goals
- Conduct Free ESD and chemicals audits
- Design and build tool kits to meet specific applications, including F.O.D. kits

**...plus much more.**

**In addition, Techni-Tool holds the following Federal Supply Schedules:**

## **GS-24F-0785A** **Scientific Equipment and Services**

- Oscilloscopes
- Multimeters
- Data Acquisition Systems
- Communications Test Equipment
- More

## **GS-06F-0034L** **Center for Facilities Maintenance and Hardware**
