SECTION 1: CHEMICAL PRODUCT AND COMPANY INFORMATION

Company Address:
8125 Cobb Center Drive
Kennesaw, GA 30152

Product Information: 800-TECH-401
Customer Service: 800-645-5244

Emergency: (Chemtrec) 800-424-9300
Revision Date: February 10, 2007

Product Identification

KONFORM® AR
(Formerly Konform® AR 2000)

Product Code: CTAR-12, CTAR-12C

SECTION 2: COMPOSITION/INFORMATION ON INGREDIENTS

SECTION 3: HAZARD IDENTIFICATION

Emergency Overview: Clear, colorless liquid with strong, fruity, ethereal odor. This product is extremely flammable. Liquid will irritate eyes and skin under repeated or prolonged exposure. Breathing high concentrations of product may produce drowsiness and a headache.

Potential Health Effects:

- Eyes: Liquid, aerosols and vapors of this product are irritating and can cause pain, tearing, reddening and swelling accompanied by a stinging sensation.
- Skin: Contact causes skin irritation.
- Ingestion: Harmful if swallowed. Irritating to the mouth, throat and stomach. May cause vomiting.
- Inhalation: Harmful if inhaled. High concentrations in immediate area can displace oxygen and cause dizziness, unconsciousness and even death with longer exposure.
- Keep people away from such vapors without self-contained breathing apparatus.
- Pre-Existing Medical Conditions Aggravated by Exposure: Heart, lung, skin, eye.

SECTION 4: FIRST AID MEASURES

- Eyes: Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Have eyes examined and tested by medical personnel if irritation develops or persists.
- Skin: Wash skin with soap and water. Remove contaminated clothing. Get medical attention if irritation develops or persists. Wash clothing separately before reuse.
- Ingestion: If swallowed, do not induce vomiting. Keep head below knees to minimize chance of aspirating material into the lungs. Never give anything by mouth to an unconscious person. Get medical attention immediately.
- Inhalation: Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

SECTION 5: FIRE FIGHTING MEASURES

- Flash Point: 30 F (-1C) (liquid TCC), -156 F (-104C) (propellant)
- LEL/UEL: Not determined (% by volume in air)
- Extinguishing Media: Use alcohol foam, carbon dioxide or water spray when fighting fires involving this material.
- Fire Fighting Instructions: As in any fire, wear self-contained breathing apparatus (pressure demand, MSHA/NIOSH approved or equivalent) and full protective gear.

SECTION 6: ACCIDENTAL RELEASE MEASURES

- Large Spills: Shut off leak if possible and safe to do so. Wear self-contained breathing apparatus and appropriate personal protective equipment. Absorb spill with inert material (i.e. dry sand or earth), then place in a chemical waste container for proper disposal. Do not flush to sewer. Avoid runoff into storm sewers and ditches that lead to waterways.
- Small Spills: Absorb spill with inert material (i.e. dry sand or earth), then place in a chemical waste container for proper disposal.

SECTION 7: HANDLING AND STORAGE

- Avoid prolonged or repeated contact with skin, eyes or clothing. Wash hands before eating. Use with adequate ventilation. Avoid breathing product vapor. Do not reuse this container. Store in a cool dry place, away from heat, sparks or flames. Keep container tightly closed when not in use. Do not store in direct sunlight.
- KEEP OUT OF REACH OF CHILDREN.

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

- Exposure Guidelines:

- Work/Hygienic Practices: Good general ventilation should be sufficient to control airborne levels. Local exhaust ventilation may be necessary to control any air contaminants to within their TLVs during the use of this product. If vapor concentration exceeds TLV, use NIOSH approved organic vapor cartridge respirator. Wear safety glasses with side shields (or goggles) and rubber or other chemically resistant gloves when handling this material.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Physical State: Clear, colorless liquid
Odor: Strong, fruity, ethereal solvent
pH: NA
Vapor Pressure: 12 mmHg @ 68 F
Solubility in Water: negligible
Specific Gravity: 0.91 @ 68F (liquid only)
Evaporation Rate: >1 (Butyl acetate=1)
Boiling point: liquid: >210F (>99C); propellant: -43.7 F (-42C)
Vapor Density: >1 (Air =1)

SECTION 10: STABILITY AND REACTIVITY

Stability: This product is stable. Conditions to Avoid: Do not spray near open flames, red hot surfaces or other sources of ignition.
Incompatibility: Do not mix powdered alkali and alkaline earth metals or strong oxidizing agents.
Products of Decomposition: Thermal decomposition may release carbon monoxide, carbon dioxide and incompletely burned hydrocarbons.

SECTION 11: TOXICOLOGICAL INFORMATION

Inhalation:
- n-Butyl acetate human TCLo 200 ppm
- n-Propyl acetate human TCLo 1000 mg/m3
- Methyl ethyl ketone human TCLo 100 ppm/5M
- Ethanol LC50 rats 20,000 ppm/10 hrs

Eye:
- n-Butyl acetate rabbit 20 mg open; SEV
- n-Propyl acetate rabbit 500 mg/24H MLD
- Methyl ethyl ketone human 350 ppm
- Ethanol rabbit 500 mg; SEV

Ingestion:
- n-Butyl acetate LD50 8532 mg/kg
- Propylene glycol monomethyl ether acetate LD50 10678 mg/kg
- n-Propyl acetate LD50/rat 9370 mg/kg
- Methyl ethyl ketone LD50/rat 2737 mg/kg
- Ethanol LD50/rat 7060 mg/kg

Skin:
- n-Butyl acetate rabbit 500 mg/24H MOD
- n-Propyl acetate rabbit 500 mg open MLD
- Ethanol rabbit 400 mg open MLD

Cancer Information: No ingredients listed as human carcinogens by NTP or IARC

Reproductive effects: none
Teratogenic effects: none
Mutagenic effects: none

SECTION 12: ECOLOGICAL INFORMATION

Environmental Impact Information
Avoid runoff into storm sewers and ditches which lead to waterways. Water runoff can cause environmental damage.

REPORTING
US regulations require reporting spills of this material that could reach any surface waters. The toll free number for the US Coast Guard National Response Center is: 1-800-424-8802

SECTION 13: DISPOSAL CONSIDERATIONS
Dispose of in accordance with all federal, state and local regulations. Water runoff can cause environmental damage.

SECTION 14: TRANSPORTATION INFORMATION

Proper Shipping Name: Aerosols flammable
Air: Aerosols flammable
Ground: Consumer Commodity ORM-D

UN Number: UN 1950
Class: 2.1
Risk Group: NA

Sub. Pkg.: ORM-D
Pkg.: NA

Hazard Label: Flammable
Instr.: 203
Gas

Max. Quantity: 75/150 kg

SECTION 15: REGULATORY INFORMATION

SECTION 313 SUPPLIER NOTIFICATION
This product contains no toxic chemicals subject to the reporting requirements of Section 313 of the Emergency Planning and Community Right-To-Know Act of 1986 (40CFR372).
This information should be included on all MSDSs copied and distributed for this material.

TOXIC SUBSTANCES CONTROL ACT (TSCA). All ingredients of this product are listed on the TSCA Inventory.

WHMIS: Class A; Class B5; Class D2B

This product has been classified according to the hazard criteria of the CPR and the MSDS contains all of the information required by the CPR.

SECTION 16: OTHER INFORMATION
Product is a Level 3 aerosol. Do not puncture or incinerate containers. Normal ventilation for standard manufacturing practices is usually adequate. Local exhaust should be used when large amounts are released.

To the best of our knowledge, the information contained herein is accurate. However, all materials may present unknown hazards and should be used with caution. In particular, improper use of our products and their inappropriate combination with other products and substances may produce harmful results which cannot be anticipated. Final determination of the suitability of any material is the sole responsibility of the user. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that may exist.
