## 2. Hazard(s) identification

**Classification of the substance or mixture**

<table>
<thead>
<tr>
<th>Physical hazards</th>
<th>Aerosol 3</th>
</tr>
</thead>
<tbody>
<tr>
<td>Health hazards</td>
<td>Not Classified</td>
</tr>
<tr>
<td>Environmental hazards</td>
<td>Aquatic Chronic 3 - H412</td>
</tr>
</tbody>
</table>

**Human health**

Prolonged or repeated contact with skin may cause irritation, redness and dermatitis. Mild dermatitis, allergic skin rash.

**Environmental**

The product contains a substance which is harmful to aquatic organisms and which may cause long-term adverse effects in the aquatic environment.

**Physicochemical**

Vapors are heavier than air and may travel along the floor and accumulate in the bottom of containers. Not considered to be a significant hazard due to the small quantities used. Gas or vapor displaces oxygen available for breathing (asphyxiant). H229 Pressurised container: may burst if heated

**Label elements**

**Signal word**

Warning

**Hazard statements**

H412 Harmful to aquatic life with long lasting effects.
## CCH UNIVERSAL CONTACT CLEANER, AEROSOL

### Precautionary statements
- P210 Keep away from heat, sparks, open flames and hot surfaces. No smoking.
- P251 Pressurized container: Do not pierce or burn, even after use
- P273 Avoid release to the environment.
- P410+P412 Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F.
- P501 Dispose of contents/ container in accordance with national regulations.

### Supplemental label information
Safety data sheet available on request. For use in industrial installations only.

### Other hazards
This product does not contain any substances classified as PBT or vPvB.

### 3. Composition/information on ingredients

The Full Text for all Hazard Statements are Displayed in Section 16.

### Composition comments
The exact percentage (concentration) of composition has been withheld as a trade secret in accordance with paragraph (i) of CFR 1900.1200 TSCA: The ingredients of this product are on the TSCA Inventory.

### Composition

### 4. First-aid measures

#### Description of first aid measures

##### General information
Never give anything by mouth to an unconscious person. Do not induce vomiting. Place unconscious person on the side in the recovery position and ensure breathing can take place. If breathing stops, provide artificial respiration. Consult a physician for specific advice.

##### Inhalation
Remove affected person from source of contamination. Move affected person to fresh air and keep warm and at rest in a position comfortable for breathing. When breathing is difficult, properly trained personnel may assist affected person by administering oxygen. Get medical attention.
CCH UNIVERSAL CONTACT CLEANER, AEROSOL

Ingestion
Do not induce vomiting. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Never give anything by mouth to an unconscious person. Promptly get affected person to drink large volumes of water to dilute the swallowed chemical. Get medical attention.

Skin Contact
Remove contaminated clothing and rinse skin thoroughly with water.

Eye contact
Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Consult a physician for specific advice.

Most important symptoms and effects, both acute and delayed

General information
The severity of the symptoms described will vary dependent on the concentration and the length of exposure. Get medical attention promptly if symptoms occur after washing.

Inhalation
Upper respiratory irritation. Vapors are heavier than air and may travel along the floor and accumulate in the bottom of containers. Gas or vapor displaces oxygen available for breathing (asphyxiant). Prolonged or excessive inhalation may cause respiratory tract irritation.

Ingestion
May cause stomach pain or vomiting. Diarrhea. May cause nausea, headache, dizziness and intoxication. Fumes from the stomach contents may be inhaled, resulting in the same symptoms as inhalation.

Skin contact
Skin irritation. This product is rapidly absorbed through the skin and may cause symptoms similar to those of ingestion.

Eye contact
Irritating to eyes. Symptoms following overexposure may include the following: Redness. Pain. May cause blurred vision and serious eye damage.

Indication of immediate medical attention and special treatment needed

Notes for the doctor
No specific recommendations. If in doubt, get medical attention promptly.

5. Fire-fighting measures

Extinguishing media

Suitable extinguishing media
The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire.

Special hazards arising from the substance or mixture

Specific hazards
Keep away from heat, sparks and open flame. Thermal decomposition or combustion products may include the following substances: Toxic and corrosive gases or vapors. Aerosol containers can explode when heated, due to excessive pressure build-up.

Hazardous combustion products
Thermal decomposition or combustion may liberate carbon oxides and other toxic gases or vapors. Oxides of carbon. Fire or high temperatures create: Carbonyl compounds. Mineral acids.

Advice for firefighters

Protective actions during firefighting
Move containers from fire area if it can be done without risk.

Special protective equipment for firefighters
Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

Personal precautions
Warn everybody of potential hazards and evacuate if necessary. Provide adequate ventilation. Avoid inhalation of vapors. Use approved respirator if air contamination is above an acceptable level.
**CCH UNIVERSAL CONTACT CLEANER, AEROSOL**

**Environmental precautions**

Contain spillage with sand, earth or other suitable non-combustible material. Avoid release to the environment.

**Methods and material for containment and cleaning up**

Provide adequate ventilation. Contain spillage with sand, earth or other suitable non-combustible material. Avoid the spillage or runoff entering drains, sewers or watercourses. Wear suitable protective equipment, including gloves, goggles/face shield, respirator, boots, clothing or apron, as appropriate. Eliminate all sources of ignition. No smoking, sparks, flames or other sources of ignition near spillage. Provide adequate ventilation. Absorb spillage with non-combustible, absorbent material. Collect and place in suitable waste disposal containers and seal securely.

**Reference to other sections**

For personal protection, see Section 8. For waste disposal, see section 13.

7. **Handling and storage**

**Precautions for safe handling**

Provide adequate ventilation. Avoid inhalation of vapors/spray and contact with skin and eyes. Keep away from heat, sparks and open flame. Thermal decomposition or combustion products may include the following substances: Toxic and corrosive gases or vapors. Keep out of the reach of children.

**Conditions for safe storage, including any incompatibilities**

Aerosol cans: Must not be exposed to direct sunlight or temperatures above 50°C.

**Specific end uses(s)**

The identified uses for this product are detailed in Section 1.2.

**Reference to other sections.**

Store away from incompatible materials (see Section 10).

8. **Exposure Controls/personal protection**

**Control parameters**

**Occupational exposure limits**

**Trans-1-chloro-3,3,3-trifluoropropene**

Long-term exposure limit (8-hour TWA): SUP 800 ppm

**ETHANOL**

Long-term exposure limit (8-hour TWA): ACGIH

Short-term exposure limit (15-minute): ACGIH 1000 ppm

ACGIH = American Conference of Governmental Industrial Hygienists.

**Additional Occupational Exposure Limits**

**Ingredient comments**

**Trans-1-chloro-3,3,3-trifluoropropene (CAS: 102687-65-0)**

**Ingredient comments**

No exposure limits known for ingredient(s).

**DNEL**

Workers - Inhalation; Long term systemic effects: 1779 mg/m³

**DMEL**

Consumer - Inhalation; Long term systemic effects: 379 mg/m³
CCH UNIVERSAL CONTACT CLEANER, AEROSOL

Exposure controls

Protective equipment

Appropriate engineering controls
No specific ventilation requirements. This product must not be handled in a confined space without adequate ventilation.

Eye/face protection
Eyewear complying with an approved standard should be worn if a risk assessment indicates eye contact is possible. Unless the assessment indicates a higher degree of protection is required, the following protection should be worn: Tight-fitting safety glasses.

Hand protection
Chemical-resistant, impervious gloves complying with an approved standard should be worn if a risk assessment indicates skin contact is possible. It is recommended that gloves are made of the following material: Nitrile rubber. Polyvinyl alcohol (PVA). Viton rubber (fluoro rubber).

Other skin and body protection
Wear suitable protective clothing as protection against splashing or contamination. Wear apron or protective clothing in case of contact.

Hygiene measures
No specific hygiene procedures recommended but good personal hygiene practices should always be observed when working with chemical products. When using do not eat, drink or smoke.

Respiratory protection
Considering the size of the packaging, the risk is regarded as minimal. Vapors are heavier than air and may travel along the floor and accumulate in the bottom of containers. In confined or poorly-ventilated spaces, a supplied-air respirator must be worn. Wear self-contained breathing apparatus with full facepiece.

9. Physical and Chemical Properties

CCH UNIVERSAL CONTACT CLEANER, AEROSOL

Bulk density
No information available.

Solubility(ies)
Slightly soluble in water.

Partition coefficient
No information available.

Auto-ignition temperature
No information available.

Decomposition Temperature
No information available.

Viscosity
No information available.

Explosive properties
No information available.

Refractive index
No information available.

Particle size
No information available.

Molecular weight
No information available.

Volvatility
100%

Saturation concentration
No information available.

Critical temperature
No information available.

Volatile organic compound
This product contains a maximum VOC content of 59 g/litre.

Flammability
The product is not flammable.

10. Stability and reactivity

Reactivity
There are no known reactivity hazards associated with this product.

Stability
Stable at normal ambient temperatures and when used as recommended.

Possibility of hazardous reactions
Will not polymerize.

Conditions to avoid
Keep away from heat, sparks and open flame. Thermal decomposition or combustion products may include the following substances: Toxic and corrosive gases or vapors.

Materials to avoid
Alkali metals. Alkaline earth metals.

Hazardous decomposition products
Heating may generate the following products: Toxic and corrosive gases or vapors. Halogenated hydrocarbons. Hydrogen fluoride (HF). Carbon dioxide (CO2). Carbon monoxide (CO).

11. Toxicological information

Information on toxicological effects

Other health effects
There is no evidence that the product can cause cancer.

Inhalation
Vapors may irritate throat/respiratory system. A single exposure may cause the following adverse effects: Coughing. Difficulty in breathing.

Ingestion
May cause stomach pain or vomiting. May cause nausea, headache, dizziness and intoxication.

Skin Contact
Product has a defatting effect on skin. May cause allergic contact eczema.

Eye contact
May cause temporary eye irritation.
CCH UNIVERSAL CONTACT CLEANER, AEROSOL

Medical Symptoms
Gas or vapor in high concentrations may irritate the respiratory system. Symptoms following overexposure may include the following: Headache. Fatigue. Nausea, vomiting.

Toxicological information on ingredients.

| Species | Rat |
| ATE inhalation (vapours mg/l) | 965.0 |

12. Ecological Information

Ecotoxicity
There are no data on the ecotoxicity of this product.

Ecological information on ingredients.

#### Trans-1-chloro-3,3,3-trifluoropropene

Ecotoxicity
The product contains a substance which is toxic to aquatic organisms and which may cause long-term adverse effects in the aquatic environment.
CCH UNIVERSAL CONTACT CLEANER, AEROSOL

Ecological information on ingredients.

**Trans-1-chloro-3,3,3-trifluoropropene**

Acute toxicity - fish
Onchorhynchus mykiss (Rainbow trout)
LC₅₀, 96 hours: 38 mg/l, Fish

Acute toxicity - aquatic invertebrates
EC₅₀, 48 hours: 82 mg/l, Freshwater invertebrates

Acute toxicity - aquatic plants
EC₅₀, 72 hours: 106.7 mg/l, Freshwater algae
NOEC, 72 hours: 115 mg/l, Freshwater algae

**TRANS-1,3,3,3-TETRAFLUOROPROP-1-ENE**

Acute toxicity - aquatic invertebrates
EC₅₀, 48 hours: >160 mg/l, Daphnia magna

**ETHANOL**

Acute toxicity - fish
LC₅₀, 96 hours: >10,000 mg/l, Fish

Acute toxicity - aquatic invertebrates
EC₅₀, 48 hours: 7,800 mg/l, Daphnia magna

Persistence and degradability

There are no data on the degradability of this product.

Ecological information on ingredients.

**Trans-1-chloro-3,3,3-trifluoropropene**

Persistence and degradability
The product is not readily biodegradable.

**TRANS-1,3,3,3-TETRAFLUOROPROP-1-ENE**

Persistence and degradability
The product is not readily biodegradable.

Bioaccumulative potential

Bio-Accumulative Potential
No data available on bioaccumulation.

Partition coefficient
No information available.

Ecological information on ingredients.

**Trans-1-chloro-3,3,3-trifluoropropene**

Bio-Accumulative Potential
No data available on bioaccumulation.

Partition coefficient
Kow: 2.09

Mobility in soil

Mobility
The product contains volatile substances which may spread in the atmosphere.
CCH UNIVERSAL CONTACT CLEANER, AEROSOL

Mobility

No data available.

Results of PBT and vPvB assessment

This product does not contain any substances classified as PBT or vPvB.

Ecological information on ingredients.

Trans-1-chloro-3,3,3-trifluoropropene

Results of PBT and vPvB assessment

This product does not contain any substances classified as PBT or vPvB. No data available.

Other adverse effects

The product contains a substance which has a photochemical ozone creation potential.

Ecological information on ingredients.

Trans-1-chloro-3,3,3-trifluoropropene

Other adverse effects

None known.

13. Disposal considerations

Waste treatment methods

General information

Waste should be treated as controlled waste. Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority.

Disposal methods

Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority. Empty containers must not be punctured or incinerated because of the risk of an explosion. Aerosol containers can explode when heated, due to excessive pressure build-up. Reuse or recycle products wherever possible.
