## ***Techni-Tool Offers Security Installation and Repair Tool Kit***

**August 2008, Worcester, PA.** Techni-Tool is pleased to announce a special tool kit specifically designed for security system installers and service and repair technicians.

The Security Installation and Repair Tool Kit is designed for both in-house and field requirements where a technician is charged with installing, maintaining and troubleshooting even the most complex systems including cameras, monitors, digital/analog recorders, network interfaces and much more. It includes the essential tools needed to perform the job in an effective, efficient manner. Packaged in an attractive, super-durable 16" X 9" X 12", 14-pocket tote bag, this bag leaves plenty of room for additional tools. The 82-piece tool kit contains top-quality tools from leading manufacturers, including Xcelite, Paladin, Crescent, Weller, Irwin, Mag-Lite, and more. The kit also includes high-quality, economically-priced Techni-Tool brand hand tools that stretch your budget dollars and give you more kit for your money. Get complete details on this and all our tool kits by contacting a Techni-Tool representative at 800-832-4866 or visiting our website at <http://www.techni-tool.com/comm.shtml>
