

Weller® Upgrade Your Soldering Equipment and **SAVE 25%**

Trade in any working soldering station for any Weller WX or WD soldering station and receive **25% OFF THE LIST PRICE.**

WX Series Soldering Stations

Powerful new, easy-to-use 2-channel soldering station with intelligent soldering tools and a number of innovations.

Features: Quick heating time; uses 200W tools or simultaneous use of two 120W tools; Anti-static glass touch screen; Intuitive user interface including turn-and-click wheel with entry key, finger guide and six touch keys; Multiple language menu navigation; Graphic LC display with easy-to-read blue LED back lighting; Display can be read all angles; Standard digital and decoupled robot connection; Two connections manage fume extraction units, heating plates and programmable logic controls; WX tool connection with tool recognition and digital data transfer; Separate pins for 12V and 24V; Multi-purpose USB port; Analog-to-digital converter and data memory; Calibration not required due to bit in soldering iron handle.

WX2 Soldering Stations – Starting at \$592!

WX1 Soldering Stations – Starting at \$434!

The same great features as the WX2, but with 1 channel

Compatible Tips: RT, XT, XNT Series and WXMT Micro Desoldering Tweezers

WD Series Soldering Stations

Features: 3 programmable independent fixed temperature buttons let you preset frequently used temperature settings, setback time, lockout range, temperature window, offset and auto-shutoff. Large high contrast LCD displays more information at a glance. ESD safe.

WD Series Soldering Stations – Starting at \$248!

Compatible Tips: LT and NT Series
