

TECHNI-TOOL Crib

Techni-ToolCrib marries the power of the web with the convenience of an iPod® Touch to put the next generation of management tools at your fingertips.

JUST LOOK AT WHAT YOU'LL GET:

REAL SAVINGS:

- ✓ **Purchasing savings:** Cut just one purchase order for the entire contract period. Use the iPod Touch we supply for all transactions, send data to us with the push of a button
- ✓ **Freight savings:** Consolidation to weekly shipments eliminates freight expenses on individual shipments
- ✓ **Product savings:** Pre-negotiated pricing and quantity buys save you money on each order. Increase your savings by using high-quality, lower-cost Techni-Tool brand tools
- ✓ **Inventory savings:** Reduce your stocking levels and save on carrying costs. No manual inventory management needed. No per order transaction fees or hidden costs
- ✓ **Production savings:** Avoid downtime due to stock-outs and late deliveries. Reduce requisition cost through automation of your ordering process. Replenish in just minutes!
- ✓ **Personnel savings:** Free up your tool crib people to handle additional tasks

IMPROVED PROCESS CONTROL:

- ✓ **Reserved inventory:** We stock and reserve your products in our warehouse at agreed upon quantities. Then we restock your locations automatically based on actual usage. No more calling around looking for products!
- ✓ **Web-based account management:** Log on to your customized version of Techni-Tool.com's webstore for instant access to your crib availability, all your open orders, order history, invoice history, usage by products and more. No more calling for order status or copies of invoices
- ✓ **Bar-coded products and shelves:** Everything comes bar-coded so stocking and finding products are easy and usage information is always reliable.
- ✓ **Process standardization:** Getting everyone to use the company-approved ordering method just got easier.
- ✓ **Dedicated customer service:** Help with products, pricing, using the iPod Touch and more are just a phone call away. And local field support is always nearby for in-facility consultations and demonstrations.

TECHNI-TOOL Crib

Easy As 1-2-3!

1. We give you an iPod Touch loaded with inventory management software. Use it to scan products when you receive them - your crib inventory is now viewable and manageable through a customized crib website.
2. Scan products as you use them. When you press "send" on the iPod, your order is transmitted directly to our system.
3. When minimum stock levels are reached, we automatically send out more.
